

Dear Parents,

On October 7th and 21st, the Moriah Central School District has scheduled 2 fully remote/professional development days for grades Pre-K-12. All students will be fully remote on these 2 days from the times of 8:00-11:00 AM. Please note that grades 7-12 will be using a modified bell/period schedule for these two days. The remainder of the day, staff will be participating in professional development activities related to best practices for remote instruction, curriculum work, technology platforms and student achievement initiatives. Meals will not be available on these two days. Please plan accordingly.

Thank you
